**GPN is an international member organisation with local services operated by premium bus and motor coach companies worldwide**

Dear Reader

My name is **Agnes Pastuszak**, and I am the President of the Global Passenger Network (GPN). I would like to take this opportunity to welcome you to the "GPN family" of independent coach companies, operating in over 40 countries throughout the world.

The Global Passenger Network was created as a one stop shop for clients needing a coach hire solution to their needs which makes them feel welcome, safe, comfortable and professionally treated wherever they travel throughout the world. Our clients have peace of mind in that wherever they need coach transport GPN will be there to help in every aspect of their journey.

Our organisation has also readily engaged with coach manufacturers, technology specialists and a range of other suppliers to share ideas and to create solutions for our customers so creating a sustainable and environmentally friendly mode of transport. Twice a year, since 2006, we meet at our congresses which take place at member locations throughout the world to discuss how we can work better, further improve our services and share information and technical knowledge.

The Global Passenger Network is a powerful network of experienced coach operators with a wide choice of transportation services and a variety of vehicle sizes and adaptations from luxury limousines and mini coaches through to double coaches when large passenger movements are required.

We offer solutions to tour operators, MICE planners and group leaders who might need assistance in organising their itineraries. Whether you wish to transport a ski group, school group a sports team or a company we are there to help with a range of solutions for every need. Many of our members can also provide assistance with local sightseeing, destination management, guides and hotel reservations. Becoming a GPN member, exclusively representing their country within our organisation, is a privilege for every member and that brings with it an obligation to meet the high standards we demand.

A list of our current membership is included within this guide and please refer to our website at [www.gpn.travel](http://www.gpn.travel) to look for more information and to email a request for your travel needs. We are there to help!

We hope to see you soon on one of our coaches enjoying the GPN experience.

**Agnes Pastuszak**  
President of GPN

# Worldwide Network of Coach Companies

Why hire your coach  
with a GPN member?

A GPN member provides  
high quality transportation  
services

You work directly with  
supplier – no intermediates  
or brokers

Through network members  
access to over 17.000  
vehicles for hire

Work with a network  
of elite motorcoach  
companies

One point of contact for  
access to over 40 coach  
companies around the world

# Your transportation partner

The Global Passenger Network (GPN) is an international member organisation with local services operated by premium bus and motor coach companies worldwide.

## **GPN and our members are proud to offer you**

- High quality motor coach and bus services worldwide through one web site.
- We manage your request quickly and efficiently, with minimize bureaucracy.
- Easy booking and invoicing processes – all in a language you are familiar with.
- All members operate to a level of approved and audited standards.
- 24-hour helpline in case of emergency.
- Vehicles ranging in size from 5 – 82 seats.
- All vehicles are equipped with a mobile communication system.
- All vehicles comply with the latest safety and environmental standards.
- We offer special services for MICE planners and tour operators and creative solutions to meet the specific needs of our customers .

**IMPROVING  
ALL QUALITY  
AND SAFETY  
STANDARDS**

## **The Environment**

Moreover our Strategic and Alliance Partners are driving emission levels lower with rapidly evolving technologies.

At the Global Passenger Network our modern fleet of vehicles are cleaner and greener than ever before.

**REDUCING  
EMISSIONS  
LEVELS**

GPN's objective is to be the leading International organisation involved in ground transportation with coaches.

All our members and partners team-work closely on a daily basis sharing ideas, experiences, knowledge and industry trends with the aim of being the best in class.

**Through our exceptional standards we seek to promote the motor coach and bus industry as a viable and ecologically superior alternative to any other means of group transportation.**

We excel in the personal and local care we give to our valued clients, from the planning through the execution and at the end of any service we operate.

*Our global members are focussed on providing the best solution for your group no matter how big or small the group is or how complex is the itinerary.*

**GATEWAYS:** London | Birmingham,  
Manchester | Liverpool | Cardiff | Edinburgh

Established in 1988 Anderson Travel is an award winning London based coach operator with extensive coverage across the United Kingdom.

Our fleet of vehicles is maintained by our own service department, regardless of cost.

Annually we carry in excess of 1 million passengers on our tours, excursions and private charters.

Through our wholly owned Anderson Tours brand we operate a tour programme aimed at individuals or groups to a large number of the UK's best known tourist attractions, such as Stonehenge, Bath, Canterbury and Oxford. We can assist with itinerary planning to ensure every aspect of a group visit to the UK is thought of to provide the best of experiences during your visit for passengers.

#### **MOTORCOACH EQUIPMENT:**

We operate a fleet of over 40 vehicles ranging in size from 16 to 59 seats, all under 5 years of age and all of which have on board air conditioning and reclining seats as standard.

Many of our vehicles have added extras on board such as entertainment systems, refrigerators, on board rest rooms and USB ports to each passenger seat. All vehicles are from major manufacturers such as Mercedes, Scania and MAN.
