GPN. 20 Years of Shared Success.

Dear Reader,

My name is Rogier Staal, and I am honoured to serve as Chairman of the GPN.

This year marks a very special milestone as we celebrate the 20th anniversary of our network. What began twenty years ago with just six pioneering coach companies sharing a common vision has grown into a truly global alliance of more than 50 leading independent coach operators and over 25 trusted industry partners across nearly 50 countries worldwide.

Since its founding, GPN has been dedicated to providing clients with a professional, reliable, and seamless solution for passenger transportation.

Our mission remains as relevant today as it was in 2006: to combine local expertise with international standards, ensuring that wherever our clients travel, they receive the same high level of safety, comfort, service, and operational excellence. Whether supporting a corporate event, a tourism programme, a sports team, or a large-scale international movement, GPN offers dependable transportation solutions tailored to every requirement.

Over the past two decades, GPN has evolved into one of the world's most respected passenger transport networks. **Together, our members operate more than 28,000 vehicles and employ approximately 35,000 transportation professionals.**

As we celebrate this important anniversary, we are proud of what has been achieved, but even more excited about the future.

Thank you for your interest in the Global Passenger Network.

Rogier Staal
Chairman
